“ Tanya always had a smile. She was the light of my brothers life. He told me in all their years together they never fought might disagree. She made him whole and our entire family. I still remember working on Stark Brothers Nursery with her. We like to race to see who could bud and wrap the most trees in one day. I will miss my beloved sister in law. Love you Tanya.

“ The last time i seen and hugged my aunt Tanya was over a year ago when my son Aron was still in kindergarten. She voted on my sons pumpkin for the decoration contest and he won that contest also. She said it was the best hands down. I remember when i was little how she used to take us trick or treating, we would all pile in the back of that little pick up and i remember her holding onto me tight so i could

let my feet dangle off the tail gate. Her laugh was contagious, one of a kind as she was, she was a beautiful soul that was taken too soon and i wish i could have told her how much i loved her. She was always so encouraging of me and one of the few people who never judged me, I love you Aunt Tanya, I wish I'd have seen you and heard that giggle one last time. Rest peacefully beautiful angel and watch over your grandbabies, they need you the most right now.

“ I met Tanya thru my daughter Doris "Sissy" Swafford. I only got to see her when I came up to visit with Sissy and her husband Kevin. Tanya was one of the kindest person I have ever met. We became friends thru my visits. Unfortunately I wasn't able to come up there as often as I would like, but each time I came Tanya always made a point to come see me. We stayed in touch thru Facebook. I became "Mama Bear" to her and therefore she became "Baby Bear" to me. She was a very special lady and will be deeply missed by many, me especially. I will always love "My Baby Bear".

“ I'm sorry to the family for your loss...I stared working with Tanya at Georgia Pacific at the same time we were limited term employees together and even though we worked on different shifts...she always included me and was always super nice to me...I'll always remember how kind and friendly she always was...will miss her dearly.

“ I will miss my special Sister very much. We did not spend a lot of time together the past few years due to life in general. None the less I loved her so. I have met very few people like Tanya in my life. I NEVER heard her say a bad thing about anyone no matter what kind of person they may have been. Tanya was a rare soul. I am a better person for the fact that she was part of my life. Rest well sweet Tanya fly high on your angel wings.
