“ So very sorry to hear of the passing of Tommy. Marty always had such fond memories of Earl and all his antics. Praying for all his family that God will lessen the pain of his loss. He was a good man and thought a lot of by many.

“ My memories of Powderpuff..there are to many to post. But 1 that still makes me laugh is when he was driving his dump truck me & Darla gave him hell. He came in from work he was smiling ear to ear & said "I feel like a celebrity today, everybody in town was just honkin & wavin" so I said no shit Powderpuff? He says "yea I'ma go get some pop n whiskey I'll be back." Well when he got back he was mad as a hornet... somebody pointed out me & Darla had wrote on his dump truck and he had rode through town with it on there it's not to be put on here if anybody wishes to know me or my sister can tell you in person. Then another time Chris, Darla, Ross, & me pulled up to his house & the gate was locked. We had him so mad honkin the horn he come outside in only his underwear cussing us but he unlocked the gate...down to just leaving town to come see him. He was entertainment@ its finest. He always talked in 3rd person but you knew who he loved, why he was mad, and so on but he loved his kids. Grandkids & for those who don't know He's Papa Puff, he loved brother, boogieJack, Leslie, his sister, Uncle Eugene, Leslie, of course me, & he spoke of have so many other people so if I did not put your name it does not mean he did not love you...I was sitting here trying not to be sad & them two memories were the ones that made me laugh..but my memories of Tommy Johnson well there's to many to post on here but he will be missed God knows I loved me some Powderpuff....RIP Tommy Eugene Johnson April Faye loves you!
