“ I don't imagine it's ever easy lossing a loved one, bit loosing my mom has been over-whelmingly difficult for me. Living over 1,800 miles away from my mom did not put distance in our relationship, we remained close to one another. We had always been close no matter what. My mom was such a wonderful person, she was loving, caring, and tremendously talented in so many ways. I will never forget how much fun she was as she raised 5 little girl;s. She taught us how to make mud pies, and other delicious dishes in our little kitchen setup, she played Barbie Dolls with us, helped us cut out paper dolls, and so much more. I recall wanting to have children of my own some day so I could be a great mom to my own babies just like my mom was to us. I feel very fortunate to have so many fond memories growing up with such a wonderful mommy (and daddy too). Mom thank you so much for everything you did for me over the last 62 years of my life. I already miss our weekly talks, it hasn't set in yet that you are really gone. I love you so much, and I will never forget you. Tell daddy I said I love and miss him too please. RiP Mommy, with all my love, heart, and soul, Roxann.
