“ *He was my step brother. He never had to do anything for me. He taught me about cars. He took me to football practice, and stayed to watch, he also took care of me after school when I got home. With his quarkie sense of humor, and straight on views of life, he taught me a lot about life. Thank you David for being my big brother.*

*We met when I was 15, he was my father. And because of his mother wanting me to stay away from him I didn't get to know him sooner. I will never forgive her and now I have so many questions that will NEVER be answered and my children will never get to know who my father was and how much I look just like him..*
