“ *Edna (Granny) as she was known by all. She was a spunky and full of life "little" lady. She lived her life for her children, grandchildren and most of all her "great-grands". She loved to work with plants and flowers. She loved to be outdoors. She was never a sit at home and watch tv person and once she learned internet and how to use it, she got a tablet and used it daily for communicating with her friends and family. I will miss those early morning "good mornings everybody" that she put out every morning. I will miss her in so many ways.*
