“ I will never forget when he drove my ambulance to Muskogee when I was in labor. When they got me in the room he wouldn't leave when they told him he had too! He said “No I'm not going anywhere until you check her out because I have known her all my life and her brothers are my friends!” They let him stay!” lol He reminded me of that every time I saw him and would ask about my family! He was a good person! RIP!
