No we wasn't his blood but we was his kids and he was our dad! We had him for 30 something years! He was the ONLY grandpa that our kids knew!! I don't know why y'all are so upset that we put that on his obituary. We are the ones that took care of him for thirty years! We loved him with all our hearts and we are heartbroken! Sad that you think that way and that you view us that way!
