“ Best fishing trip I ever had was with Uncle Kenny. Kenny went with me and Randy to Porum Landing bridge and we caught our limit of crappie without using bait. We couldn't get a bite and Kenny said "let's try these gold hooks without bait" and before we knew it we were catching fish as fast as we could reel them in. I couldn't believe it. I told him he was a FISH WHISPERER after that trip. We went on many fishing trips with him but that one was the best. Randy has so many childhood memories with Kenny coming by and picking him up just to run around with him. Taking him fishing or just hanging out.
Rest in peace Uncle Kenny, we love you.

“ He did indeed love all children. I spent as much time at Kenny & Sharon's house between the ages of 13 and 18 as I did my own family's home. He was a great cook and a wonderful Dad and was always incredibly kind to the dorky kid that I was. He definitely a bright light in my childhood. - Suzanne Corbell Gert
