“ When I started coming around the Honeycutt family at the age of nineteen with Lukey's Uncle David, Lukey was only 14. The big family get-togethers were held at the Bruners house in the good old days and the family all got together for special occasions with loads of delicious food, visiting with all the relatives you hadn't seen for awhile and all the kids had plenty of room to run around and play with their cousins. . I remember Lukey well. Always having a good time, running around shooting off fireworks. He had a big personality. It's sad to see him pass away so young. Prayers and condolences to all the family.
