“Dad was my voice of reason when I just needed to talk to someone or talk thru something he was always there. I spoke to him numerous times each week. As a child I was always a Daddys girl and I guess even as an adult I continued to be a daddys girl. I Love you and will miss you but I know you are in a better place now. We will take care of Mom for you. I will see you soon. Love you Dad

“ Jackie, ”Dad”

I ask everybody bear with me. The other evening Margo, Kim, Ray & I were at house with mom. I was telling them the first time Jackie and I ever did a project together was when Margo & I was dating I was leaving Eastern to head back to Northwest Oklahoma. My car was overheating and I called Margo to see if Jackie was there, he said he'd look at it. I pulled it in the shop, it was the Thermostat he made me change it out, that was our first project together back in 1989.

We had many projects together from going and getting stuff to working on vehicles of mine and his or somebodies small engine he had in shop. I always enjoyed the time we spent and lessons I learned those early years.

We had some great times fishing below the dam with all the guys. And times fishing around elm point with all the family when our girls were little. Mavis you are the most patient fisherman when it comes to bobber fishing from the bank or from a boat! Jackie would always say, "she could sit here all day and stare at that bobber." When the the rest of us was ready to go after 30 minutes of not getting a bite!

All our hunting adventures, there is so many of them I could talk for several hours, from the early days at the old trailer camp with Johnny, Freddie, & Terry. Then when we moved into Frank and Ruby's cabin. We had the best of times there. We always enjoyed Ray talking in his sleep! Boy what awesome memories I made with you dad!!!!

I really enjoyed time with you when you retired and was able to get your cattle. From building fence to working them in the fall and the spring. Just spending quality time talking about your cows and ours in northwest Oklahoma.

Thank you for trusting me with your daughter way back then and allowing me to love her. I know as a dad this is hard to give your daughter to another man, as I just had to do the same with Bryleigh. Thanks for loving Margo, the girls & I and all the family so hard. We will all cherish the memories of you forever.

Love you Dad!
