“ *I had just met Rusty. He was being a cool host, as always, and told me I would probably be more comfortable inside with the ladies. I said "No I belong outside, thank you though." He said "Oh I know your type, you're Back Country. Not just regular Country but the kind of Country that'll bury you in the backyard if you mess around"*

*I've never been more accurately described. He was a great guy and I'm sorry I want get to hang out in the garage with him ever again. My thoughts and prayers are with everyone close to him.*
