“ Grandmaw even if we were 600 miles apart I always knew you loved us. I cherish the times u came to Alabama and the times we got to come to Oklahoma to visit with one another. Even though I did not get to see u as much as I would have like I am still going to miss hear from u and I know my daddy will as well I know u and him have had your ups and downs about things but he still loved u as well as everybody out here in our family did. U are and always will be a strong loving women that I think highly of , really who can say they raised 12 children and lived life like u have for 90 years so as u are laied to rest I think of the song by Vince Gill (Go rest high on that montain son your work on earth is done) is playing in my head non stop so untill we meet again just know we here in Alabama love u very much and fly high I'm heaven grandmaw💔
