“ *Thank you my dear for all the happiness you made for me. You were the most loving and caring person I ever knew. It's so hard to think I'll never hear your voice again. But I am thankful for time I was fortunate enough to know you. There can never be another you. You are love personified. I don't want to say goodbye. Godspeed my truest friend.*

“ *Im so sorry for the loss of Teresa...Iv known Teresa since we were young girls who would ride bikes and talk about silly stuff (until we became adult women) and we never missed a beat..... every time we saw each other we would catch up about family stuff and even though we did not see each other much we still would chat like we talked everyday... i definately will miss her...i got to tell her how much i loved her, kiss her forehead and held her hand, the last day she was here with us..Teresa knows how much i love her and that made my soul at ease to let her go. Im praying for all the family...Teresa isn't a easy person to lose...Teresa is with God now....Teresa isnt hurting anymore.*
