“ Terry needed a place to stay while he got on his feet so he stayed with my husband and I , we had a spare room. He was a very clean and neat person .one morning I walked downstairs to my laundry room which was connected to Terry's room, when I opened the laundry room door, I was stunned. My entire laundry room floor was filled with about 10 inches of bubbles. I was shocked, come to find out. Terry had poured half a bottle of Dawn soap in the washing machine and of course we all know what happens when you do that there were bubbles everywhere. 🙏🙏🙏rest easy my friend
