“ I loved Sis Velva very much and thought so much of her. I remember being in church services with her many times and how the preacher would ask her and her sister to sing, they would go up to sing and she would tell the musicians we don't need no music and begin to sing and oh how they would sing with all their heart and she would begin to raise her hands toward the heavens then the tears began to flow. Oh How you could feel the Lord. She did love to give praise in song and worship to the Lord and now she is in the presence of the Lord getting her reward. She has it made. She will be truly missed! I sincerely give my condolences to the Taylor family. I know you will miss her dearly and wouldn't call her back because you know she's with the Lord no longer in pain but just know you can go to her and never have to leave each other ever again. I love you all! Carolyn I've been thinking about you and been praying for you! Love you!

“ I loved listening to my Aunt Velva sing God on the mountain at our Family Reunions. It was one of the greatest moments I enjoyed. She was dear to my heart. Go rest high on that mountain in the sky until we meet again. I will miss you and I love you with all my heart.

“ It's probably been 35 yrs ago but as a kid I spent my summers on beaver mnt with my grandma and grandpa Phillips, I spent almost everyday all day barefoot running all over every piece of property from the baptist church to the first cattle guard. And I always stopped at aunt velvas house for a sandwich and something to drink. She loved all of us as if we were her own .
