“ *There are so many memories, it would take forever and a day to put them all down here. The one thing I remember the most is when we were little kids..I must have been about 3 or 4 and Vic about 5 or 6. We would be in the backyard with Mom and grandma and he would put this large straw hat on my head and run away yelling "monster, monster". :) Or the time we thought we would "help" dad and grandpa build our "little house". He took one end of the wood and I took the other. Had no idea what we were doing, but it was fun. I will always cherish the memories I have of my big brother. Rest in Peace, Vic...I love you!*

“ Victor was my big brother...I will miss him greatly. As being the only girl with three brothers, he and my two younger brothers would tease me throughout my childhood. But he was also my protector and best friend. He loved life and his family. My love and support goes out to my sister in law and my nephews. He will truly be missed by all of us. I love you, big brother and will see you again!
